

TECHNICAL INSTRUCTIONS FOR CEILING PRICE REGULATION

Recent Operations

By Paul Bardin

The Arcadian, an excellent weekly newspaper published in Arcadia by Nate Reese, furnishes food for thought in an article last week. Only recently Dr. John H. Sherman, president of Webber College at Babson Park, Fla., presented his views on the present world struggle. Editor Reese related the article and this week we are taking the liberty of quoting from the Sherman article as the Arcadian editor said—the text from here on is Mr. Sherman's:

It is time to shed false optimism and consider the bare facts of this war. We are being seriously beaten and if we hope to reverse the score and eventually win, we must expect to spend at least a year of the hardest kind of fighting to do it.

Radio commentators and newspaper headline writers must cater to a public which demands good news, so both hailed a "glorious victory" in the Coral Sea. What are the bare facts? A relatively small force of 60,000 men, with several ships diverted our attention while the Japs cleaned up Burma, invaded south China, and moved a long step nearer to a junction with the German forces.

Right now we have big celebration of the Midway battle. We fight that the Japs withdrew. A fighter always withdraws his leading hand after a successful fight. Japan's fleet this time covers enormously larger operations, to secure railroads which will enable her to supply a large portion of her fighting forces over land.

Also she has busy in the north Pacific while we fail to give adequate aid to Chiang Kai Chek who is fighting with his back to the wall. His capital, Chungking, his main line of defense pierced in five different places.

We have deluded ourselves with assurance that Hitler would run short of lubricants when he was raising the largest crop of vegetable lubricating oil the world has ever seen. Castor oil works as well in motors as in children.

Caught flat-footed in the false security into which our isolationists had lulled us, we have been so completely on the defensive that our national hero is the general who met the most with the bravest words.

Peace and radio assure us, we must eventually inevitably win. With what? At our present rate of reducing it will be three years before our army will equal the numbers of Japan. We must before we will catch up with Germany.

Unless we win this war, life will not be worth living for our families or for our descendants for generations to come.

But we had better figure on at least ten years for the job, with every able-bodied man in uniform and with taxes and civilian sacrifices and hardships such as nobody has as yet dared to mention.

It is possible to lose this war, thus far we are losing it. It's high time to quit kidding ourselves.

Farmers! Get Recaps Now!

GLADES FARMERS attention! Big to need some recaps in this fall? If you are a farmer, you know that you make application today—not tomorrow—while recaps are available. Don't wait until the tread and sidewalls of your tires are worn completely out—get your application in today. By the time the farm dealer starts there may not be recaps available either in Arcadia or make an error. For your pencil, you can make advantage of this time. If you are to be had, this is a thing of the past.

Method Of Affixing Ceiling Prices To Commodities Described By OPA

Price Placards Must Be Printed Large Enough And Clearly Enough That Customers Cannot Fail To Read Them.—Posting List or Book of Prices Not In Keeping With Law.

JACKSONVILLE, June 25.—The Office of Price Administration this week launched a state-wide educational campaign to teach merchants of the state what must be done to properly comply with government price regulations.

John Selle, chief price specialist of the OPA, said there still was considerable confusion among retailers, especially smaller stores, on what must be done to properly comply with new price laws, and immediately after the regulations taken to help them in their problems.

"Between now and July 1," Mr. Selle said, "we intend to hold a series of one-day clinics or schools in major cities of the state to help clarify the price posting regulations, and to bring about a better understanding of the price regulations in general."

He said that so far, most merchants had been cooperating fully, and understood the chief purpose of the price laws: to stop the rise in cost of living and thus prevent the danger of inflation that struck our economy in the last world war.

He outlined three "musts" for retailers in obeying the regulations: 1. Each retailer must have prominently displayed his ceiling prices for all cost-of-living commodities sold in his store since May 18, 1942. His "ceiling price" is the highest price at which he sold an article during March, 1942.

Each retailer must file with his local War Price and Rationing Board by July 1, 1942, a statement showing his ceiling prices on those cost-of-living commodities. "Cost-of-living commodities" include 155 types of items listed specifically in Price Regulation No. 1, obtainable at local rationing boards.

He must keep this above statement up to date by submitting on the first day of each month a statement showing his ceiling prices for any new cost-of-living items he might have added to his line of goods during the preceding month.

"Each of these requirements is important and must not be overlooked," Mr. Selle emphasized, "for severe penalties are provided for failure to comply with the regulations."

He said considerable flexibility is permitted in the method of displaying ceiling prices in the store on cost-of-living items.

The Department of the Interior said, "These ceiling prices must be displayed on or near the merchandise so prominently customers can read the ceiling price, whether easily when standing at the place of purchase without having to ask him for it, whether or not he has a special interest in seeing it. It must be so conspicuous the customer cannot miss it."

He suggested that since ceiling prices are permanent for the duration of the war, that the markers be durable enough to stand up to use without need for replacement.

"It is not enough to post a catalogue or book of typewritten listings in the store," Mr. Selle warned. "It is not complying with regulations to post a sign, saying 'merchandise in this store or on this counter is not higher than the price listed on this sign.'"

He said, "Neither can ceiling prices be posted apart from the merchandise in a place where it is difficult for the customer to see them."

He listed any of the following methods as being acceptable: 1. The word "ceiling Price" may be stamped or printed directly on the price tag on the article, to show the ceiling price.

2. The ceiling price may be posted on a table, edge of a bin, on the edge of a shelf, if it is clear to the purchaser which merchandise has what ceiling price.

display card the brand name, size and ceiling price for a group of related items, sold nearby.

If the article is marked with an asterisk in the list of cost-of-living articles in Price Regulation No. 1, where items in different price lines are physically mixed, it is satisfactory to display on a card the ceiling prices on the several price lines, but in addition the selling price of each item must be attached to it.

Rubber Drive Will Be Success In State Chairman Believes

Drive Will Come To A Close Tuesday Night June 30

TALLAHASSEE, June 25.—With the all-out drive for scrap rubber approaching the finish, reports from the 67 counties of Florida indicate that several million pounds of rubber will be collected by the time the drive is concluded at midnight, June 30.

To quote Joe Wilson, chairman of the salvage committee of Santa Rosa county, "Rubber is being brought in by the thousands of tons, and it is not only in our county but in every county in the state."

Headquarters of the drive in Jacksonville, it was reported that more than 2,000,000 pounds of rubber so much needed as war materials had been checked in during the first five days, although the greater part of the week was given over to the collection of rubber which may be reclaimed.

During the drive, it has been discovered that many dumps of rubber, particularly of discarded tires, have been found which were "mined" by the towns of rubber to be sent to the reclamation plants established at many points throughout the country.

"Rubber mines" are being found not only in the vicinity of cities and towns but at lumber, naval stores and mining camps as well, yielding a heavy tonnage of rubber which may be reclaimed.

George L. Burr, Jr., executive director of the State Defense Council, Jacksonville, said that, as executive secretary of the salvage campaign, and others interested in the drive for rubber, are well pleased with the progress.

They are urging county chairmen and workers on the firing line to redouble their efforts in order that every pound of rubber may be brought to light and the state's leadership in defense activities maintained.

Filling stations throughout the state are paying one cent a pound for all rubber brought in and service stations are being opened for collection center for donations of scrap rubber.

Caffey's Leave For Mobile, Ala.

Mr. and Mrs. J. C. Caffey and daughter, Jean, of Pahokee, will leave today afternoon for Mobile, Ala., their former home, where they will again make their home.

Caffey was a member of the Bank of Pahokee two weeks ago. During the time he was connected with the bank, he was a member of the Pahokee Rotary club and one of the outstanding supporters of all movements for the betterment of the community.

The hundreds of friends and neighbors of Mr. and Mrs. Caffey regret to see them leave this community.

Elks Plan Big Dance July 3

The night of July 3 will be a gala one at the Elks lodge hall in Pahokee when Maurice Weiss and his orchestra furnishes the music for a dance. The schedule calls for the dance to get under way at ten o'clock and continue until "two in the morning." Officials of the Elks lodge are expecting that the tables be made at once by calling Pahokee phone 3971.

NEW TIRE SERVICE

The Christian Chevrolet company of Pahokee has installed a new regrooving machine, and this week advertises a new service. The company states in an ad that many added miles may be secured from a tire that has been regrooved. According to the ad, the cost of regrooving is small compared with the extra mileage that can be secured.

Sign Up For Gas July 9, 10, 11

Re-registration of all motorists for gasoline rationing will be held on July 9, 10 and 11, according to an announcement made yesterday by officials of the Pahokee Canal Point Rationing board.

New gasoline regulations will require the application for gasoline rationing to be made by the board to take care of motorists during the extra week. Present cards are good until July 15 and some plan will be worked out to furnish extra gas during the extra week.

When motorists re-register for gasoline they will be given A and B cards and should they need additional gas it will be necessary that they take a special application blank home with them, fill it out and MAIL it to the rationing board. The application for extra gas consists of nine pages (which proves to this editor there must be a typo in the original) and must be filled out carefully and MAILED to the rationing board.

THE QUALITY

The following, qualified with the Pahokee Canal Point Rationing board for tires tubes, or retread tires for the period ending June 30, 1942:

Joe Weston, Pahokee Police Department; J. B. Crosby, Bert Jones, Y. Van Dusen, George Nelson, N. W. Maxson, R. S. Wood, W. A. Connell, J. P. Colson, Lewis Friend, J. T. Stuchland, W. H. May, L. L. Stuckey, C. L. Bryant, L. O. Snider, A. N. Kennedy, O. B. McCure, Pahokee Drainage District and J. S. Waring.

West Palm Beach Offers Attractions During Jubilee Week June 29 To July 4

Elks Barbecue On Saturday July 4, Will Be Big Drawing Card

With President Roosevelt emphasizing vocations close to home, residents of Southern Florida consider themselves fortunate in finding a place so accessible a resort for years has been considered one of the world's finest. The Palm Beach area, the world over, is a place of graceful living, relaxation and diversion, and it is something of a paradox that a place so highly regarded throughout the world is taken generally as a matter of course by its own residents.

This year, perhaps more than ever, people in the Palm Beach area will "discover" for themselves the charm, scenic beauty and atmosphere of this vacation spot. In doing so they will find themselves surprised and delighted by a point of unusual pleasure and the lack of strain on the family pocket book.

The Chamber of Commerce at West Palm Beach has aroused itself this year in an intensive effort to encourage its residents and neighbors to familiarize themselves with the attributes of their own back yard. Tied in with the vacation idea of enjoying the nearby is the annual Jubilee Week sponsored by the Jaycees.

So elaborate have been the plans for the attractions applied to everyone, that mom and pop can pile the entire family into their car, motor only a few hours at the most, and stay a day or a week and have one of the biggest times of their lives.

A bicycle parade, with as many as 300 entrants, will start at 10 a. m. Wednesday of Jubilee Week, followed by the decorated bike parade to the beach.

At 8 p. m. this day, boxers from Morrison Field and Camp Murphy will swap blows and grunts at the annual Star Day and Spies from each camp predict annihilation of the other.

A bicycle parade, with as many as 300 entrants, will start at 10 a. m. Wednesday of Jubilee Week, followed by the decorated bike parade to the beach.

The Seaside Scandals, a new (continued on page 2)

18, 19, 20 Year Olds Will Register On Tuesday, June 30th

School Buildings Will Be Used As Registration Points

Tuesday, June 30, is registration day for Glades youths. The registrants, who will be 18, 19 and 20 years old, will register at the Canal Point School, Pahokee school, colored school at Pahokee and Azusa.

According to notices from the Glades selective service board all young men born on or after Jan. 1, 1922 and on or before June 30, 1924, will be registered. These registrants will not be given order number through a lottery, and will be given numbers based on their birth dates.

The 20 year old registrants will be subject to military service, and the younger registrants will be given order numbers based on their birth dates.

Local boards, the announcement said, will arrange the registration cards in a place according to respective birth dates so the cards of registrants born on Jan. 1, 1922, will be on the top and those born on June 30, 1924, at the bottom.

When the board has cards for two or more registrants born on the same date the cards will be arranged in alphabetical order.

Serial numbers will be assigned to the registrants so that the one whose card heads the list will receive No. N-1, and the registrant whose card is next will be numbered N-2. The registrant with serial number N-1 then will be given the next available order number in his local board.

The classification of the 18 and 19-year-old men will be withheld until they reach the age of military liability.

VISITS IN MISSISSIPPI

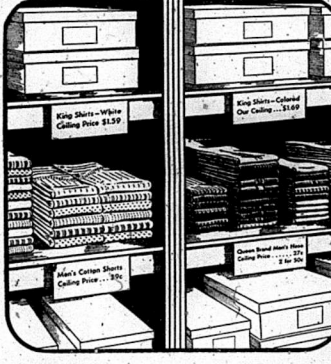

Mrs. H. B. Miller is spending several days in Columbus, Miss., with her mother and other relatives.

HOW TO DISPLAY CEILING PRICES

Ceiling price may be shown for a group of identical items on the same shelf—such as canned tomatoes.

HOW TO DISPLAY CEILING PRICES

Ceiling prices may be shown for a group of related items, such as shirts, having the same maximum price and stocked in one place in the store.

Library Moved To New Quarters

The Pahokee library was moved into new quarters this week in the recently renovated old city hall. Some new equipment was built for use in the new location and all old equipment, including shelves and desks, found useful spots in the new home.

The interior of the old city hall has been painted and newly installed bookshelves will contain much new plastering was done and a thorough cleaning of the floors was necessary.

Tax Sale To Be Held Tuesday

Sale of land on which 1941 taxes are delinquent will be conducted next Tuesday, June 30 at the west end of the court house, in West Palm Beach.

Under new laws, any back tax certificates issued and not purchased by the county, will be sold in the name of the county.

After the certificate is two years old the court clerk will notify the owner of the land affected. If the clerk gets no reply title to the property goes to the county.

WILSONS LEAVE THIS WEEK

Mr. and Mrs. Frank M. Wilson left yesterday for Lynn Grove, Iowa, where they will spend a year with relatives. Their many friends in Canal Point wish for them a successful trip and a pleasant visit.

Johny Thomas Has Successful Year As Rotary President

Cites Club's Accomplishments in Talk Closing Rotary Year

Johny Thomas, Gulf Oil distributor in Pahokee, who has served as president of the Pahokee Rotary club during the past year, summed up the club's activities for the year in a talk before members at the regular weekly meeting held yesterday. At the close of the program, Mr. Thomas handed the gavel to Paul Harbin who will become president of the organization at the next regular meeting on Thursday, July 2.

In referring to the many accomplishments of the club, Mr. Thomas thanked all committees for their splendid cooperation and for the good work done and committee programs have been the club's various causes during the past 12 months.

Under the presidency of Mr. Thomas the Pahokee club has enjoyed a successful year and excellent programs have been the club's various causes during the past 12 months.

At yesterday's meeting the following members of his committees at next week's meeting. Members of the program committee already have been notified of their appointment and are working on the program schedule for the coming three months.

The incoming president, Paul Harbin, said that his committee at next week's meeting. Members of the program committee already have been notified of their appointment and are working on the program schedule for the coming three months.

The Service Mothers club met at the women's club in Pahokee Tuesday night.

Mrs. DeMoya reported that Service Flags with one star can be bought for \$25.00 each and at next week's meeting, one would like to have one in every home that has a man in service.

Mother and Sisters of service men are asked to take the lead in helping with Red Cross sewing. The Pahokee Sewing Room is open Monday, Tuesday, and Thursday afternoons. Canal Point room is open on Thursday afternoon.

Next meeting will be all mothers volunteer their services to the Defense Council in whatever capacity they may be able to serve. Anyone who has a boy in service is asked to send his boy's name, birthdate and address to Mrs. Armstrong of Pahokee or to Mrs. Earl Shultz who has volunteered to act as chairman of the Birthday Card Committee.

All families of service men are asked to help with the Honor Roll to be erected for the Boys. Mrs. Howell will have charge of the scrap book for the Honor Roll, which will contain snap shots, Birthdays and addresses so that we may have a record of our boys.

Mrs. Lattimore will act as Historian. Mrs. Bleech as Chaplain. Mrs. Santel as publicity chairman. The minutes were read and approved. The treasurer's report was given and accepted by the members.

Mrs. S. B. Jordan made a motion, which was seconded by Mrs. T. M. Chastain, to divide the society into two groups for direct personal service work. The motion carried. The president recommended that a special fund be set aside for flowers this fund to be made up of contributions and to be kept separate from other monies. Mrs. Grogan closed the meeting after which those present were served refreshments by the hostess.

Next meeting will be held July 7th, the place to be announced later.

It has decided to have a silver offering to take care of current expenses in place of Dues.

Big Contract Let At Boca Raton

BOCA RATON, June 25.—(FPH)—Contracts were awarded last week totaling \$100,000 for construction work in connection with the air force training school at Boca Raton. The contracts were awarded to the War Department. Reynolds, Brewster, Smith & Hill of Jacksonville received the contract for the architectural and engineering service.

YOUR RETAIL STORE

As time goes on, your retail store will have a changed appearance. There will be less goods on the shelves in many instances. Some items will vanish altogether, and some will be extremely scarce. In time, widespread rationing of a large number of necessities may be put in effect. These are the inevitable result of war's enormous demands on America's productive resources.

But there is one thing that will not change in your retail store—and that is its management's ambition to serve you to the limit of its ability. Whether your patronage is a chain store or an independent store, its policy will be guided by the competitive urge. Tomorrow, as in the past, it will be seeking ways and means to earn your patronage.

In addition, retailing is now carrying on some extremely important special activities in behalf of the consumer. It is conferring with manufacturers and others in developing suitable substitutes to take the place of priority goods and materials. In the food field, the chains and other retailers have taken the lead in promoting the National Nutrition Program—a program which is backed by the government, and whose purpose is to help build a stronger, healthier country. In every sound activity on behalf of consumer welfare, retailers are always at the forefront.

War will force immense changes in the home life of the American people. We will have to forego most luxuries, and use a minimum of many necessities. Retailing's job is to help us in making these difficult adjustments in our living standards.

A "HOLIDAY STATE"

Some holidays are becoming better known through wartime non-observance than they were in normal times. Florida normally is a "holiday state," observing many and entertaining many visitors on their holidays.

More than 60 days of the year have been designated as legal holidays by the various states, though many are observed only in a single state or in a few states in certain areas, the council of state governments reports.

Florida is in the bracket of state hav-

ing the greatest number of annual legal holidays. This state, along with Tennessee, Louisiana, North Carolina, Alabama, Arizona, Missouri, Oklahoma, Pennsylvania and Virginia have from 12 to 15 holidays, while most states have around 10.

Most drastic legal action has been taken by the Kentucky legislature in abolishing all statutory holidays except the Fourth of July, Labor day and Christmas, while the Alabama personnel board has ordered state workers to observe only Washington's birthday, the Fourth, Thanksgiving and Christmas, eliminating as far as state workers are concerned the holidays on Lee's, Davis' and Jefferson's birthdays and the Martin Luther King day in connection with the Mobile celebration.

Many holidays never were real "time-off-from-work" days for many of the states, and now, in common with citizens of other states, Floridians are taking even less time off—Tampa Times.

ALL IN THE SAME BOAT

There seems to be a developing attitude among many of the defense workers in our midst that they are a breed apart, entitled to privileges and special attention.

Many wear their identification buttons as if they were badges giving them individual license.

Some, whose duties on a defense project consist of keeping the drinking water cold, have asked and received exemption from jury duty.

The rationing boards will attest to the fact that many of them demanded more sugar, more tires, more gasoline on the grounds that they are defense workers.

There is no gainsaying that what they are doing is important. The people of Key West appreciate the part they are playing in the war program and are making every effort to be hospitable, but that should not give the defense workers the impression that they can take advantage of the kindness that is being extended to them.

We are all working toward the same end. Defense workers, who try to cash in on the fact that they are employed on a vital war project are doing the country a great disservice.

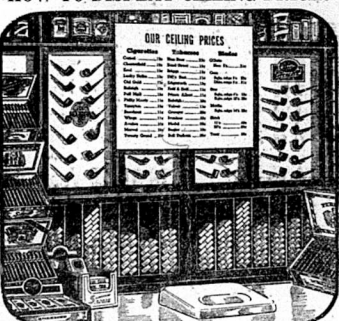

Defense workers are no more important to the welfare of the country than a housemaid who enables a housewife to work in the navy yard.

We are all defense workers, or should be.

Class privileges or privileges for any special group is unAmerican. This war is being fought against the forces which would obtain special privileges for one person at the expense of those from a host of other countries.

Let's have no more of this nonsense.—Key West Citizen.

HOW TO DISPLAY CEILING PRICES

A single poster may show the ceiling prices for a group of related items—such as cigarettes, tobacco and razor blades. The list should be printed in letters large enough to be clearly readable from point of purchase.

HOW TO DISPLAY CEILING PRICES

West Palm Beach Offers—

(Continued from Page 1)

angle to the water control, will be given at 2 p. m. Wednesday.

The beauty contest will follow at 4 p. m. and a tea dance at 4:45 p. m.

The Varieties Program is listed for 7:45 p. m. Friday and Victory Ball at 9 o'clock the same evening.

Snuffy appetites will be challenged on July 4th when the annual Ellis barbecue will be staged for the entire day. Extra watching the ball game between Camp Murphy and Morrison Field Perry Command can alternate cheering their favorites and gnawing on a soft of ribs.

Special rates will be in effect in all hotels in West Palm Beach during this week.

A lot of all the attractions and events on the week's program is too lengthy to enumerate. A num-

ber of admission free, others carry nominal charges and tickets in each form. If desired, will be of fered at \$5.00.

All awards in contests and competitions will be made in War Bonds and stamps, and ribbons to runners-up.

PEGGY CATE AND CHARLES BAKER WED

Miss Peggy Cate, daughter of Mrs. Ernest Malphurs of Pahokee and Charles Baker, Jr., son of Mr. and Mrs. Charles Baker, Jr. also of Pahokee, were married at Okechobee by Judge Conely on June 10. It was disclosed here this week that Mr. and Mrs. Earl Pitts of Pahokee were attendants.

Both Mr. and Mrs. Baker received their education at Pahokee High School. They will make their home in one of the Gant apartments in Pahokee.

TOO LATE

TO CLASSIFY

By Russell Kay

A few weeks ago I told you about my conversation with the Old Timer, the chap I met in the bus terminal, who calmly sucked on his pipe and pronounced the war good.

I've thought a lot about some of the things he said and I've talked with a lot of folks. The Old Timer was right about the war making people "think." People are thinking today, thinking seriously and trying to understand. All sorts of people: rich and poor, high and low.

While, normal conversation on the subject of the war is surface talk about the Aleutians, Tobruk, Sevastopol, or some other current phase activities, down in their hearts, people are seeking the real answer to all this carnage and destruction.

Thinking people know that this isn't just a war to "beat" Germany or Italy or Japan. It isn't a war to "save democracy" or "preserve Liberty." It is a lot more than that. It is the prophetic struggle between good and evil to decide whether or not civilization and mankind shall continue to inhabit the earth and enjoy its blessings.

Throughout the dark days from 1914 to 1918 we fought "a war to end war." The lessons that contest should have taught us went unlearned. Hate, Greed and Revenge stalked boldly to the "Peace" table and drew the blueprints for the second World War.

Reason and common sense, backed with justice and good will, if exercised on any of the war occasions during the intervening years, could have prevented this present struggle. But each nation, selfishly seeking its own advantage, unwilling to assume the responsibility, offered up weaker nations on the altar of sacrifice in the futile hope that in so doing they might escape and prosper.

Greedily industrial leaders of the world, concerned alone with profits, entered agreements, drew up cartels and went about their business, recklessly ignoring all else.

The little people of the world, daunted and bewildered, followed their leaders over the brink to reap their reward of "blood, sweat and tears."

Now the errors of the past are slowly beginning to make themselves clear. We are asking what our future offers after this war.

Should we allow those deep rooted evils—Hate, Greed, Selfishness and the spirit of Revenge—to again prevail and set the stage for another and greater war? Or shall we join in a true brotherhood of nations to build a few and better world?

Not long ago Vice-President Wallace pointed out that never again can we go back to our old policy of isolation and nationalism. He pointed out, just as did the Old Timer, that this is to be a good world for us to live in we must do our part to make it a

good world for all mankind to live in.

Speaking from London the other day, the Archbishop of Canterbury expressed similar views and saw the only hope of the world in true brotherhood of man in which the rights of all are respected and where a spirit of good will and cooperation replaces competition and suspicion.

All the world must accept and practice the Golden Rule. The larger powers, forgetting self, will have to set up an international police force and assume the role of "My Brother's Keeper" in the time we learn to "Love our neighbor as ourselves."

This may all sound very idealistic and impractical, but nevertheless it is basic truth and we can expect no lasting peace until we realize it. Whether we like it or not, we people of this earth are all subjects of the same Creator. His laws govern us all. His abundance was intended for all; and his "Will" will be "done on earth as it is in Heaven" even as we who turn ourselves "Christians" have long thoughtlessly chanted in prayer.

It is well that the world leaders, both political and religious, are beginning to see the light and the "handwriting on the wall," for unless men become internationally concerned with the welfare of man there seems little hope for future generations and little sense to the struggle in which we are now engaged.

Phone 1800 on Arrival and Car Will Meet You

Record Run By Gasoline Barges

STUART, June 25.—(FNS)—Advocates of the defense use of South Florida's cross state waterway between Ft. Myers and Stuart, were jubilant last week when it was announced that a load of 170,000 gallons of gasoline made the transit from the Gulf to the Atlantic, a distance of 148 miles in less than 30 hours.

This outburst of the present cross-state canal route was convincingly demonstrated on the same day that the House ignored the bill approving the North Florida large canal, a project which exists

only on paper, construction of which would cost taxpayers of the nation unnecessary expense, and which could not be completed and operated in time to have any bearing on the present gasoline shortage crisis.

The immediate improvement of the present existing route would not be costly and would put it in shape for more extensive use quickly, local people state.

THOUSANDS OF ARMY VEHICLES USE SINCLAIR LUBRICANTS

In saving wear and avoiding breakdowns the U. S. Army uses Sinclair lubricants in many "Jeeps," tanks and other vehicles. Your Sinclair Dealer has the same quality lubricants to reduce wear in your car.

To save engine wear, he has Sinclair Opaline Motor Oil. Opaline stands up better and lasts longer because it is not only de-waxed but also de-jellied. Play safe, have your Sinclair Dealer drain and refill your crankcase with Opaline every 1,000 miles.

OIL IS AMMUNITION—USE IT WISELY

PERTINENT POINTERS

For Cooking Appliances

Many trouble calls and repair bills will be avoided if you make sure that:

1. Fuses and fuse clips are tight, as loose fuse contact or loose fuse clips cause heating of the fuses and early failure.
2. Unnecessary strains on cords and lead wires are avoided.
3. Fuses are always firmly and fully inserted in their receptacles.
4. Switches are wiped free of grease and are properly lubricated.
5. Rough handling and twisting of the cord is avoided.

For safety's sake, make certain your electrical appliances are properly grounded. Any competent electrician can check this for you. A wire from the frame of the appliance to a water pipe is a safe ground.

Why not plan now to trim your lawn and clear those ditches you've been thinking of doing for months?

Summertime brings weeds and rains. Time is heavy on your hands, so come to BETZNER'S HARDWARE STORE and get the necessary tools to do a bang-up job.

Cut your grass, get rid of summer weeds and your home will be more cheerful and you will be more happy after working your worries away.

Cinematic Chatter

By MALCOLM MILLAR

It has been a long time since we have had the pleasure of seeing the vivacious little Miss Temple on our silver screen. So we welcome her back again in her new offering.

It's an adolescent Shirley Temple "she" to the "five" of today's teen-age population, but earnest, wholesome and natural with it all who comes to the Prince Theatre Sunday-Monday, in "Miss Annie Rooney."

"Miss Annie Rooney" is a homey little story about two families from the upper and lower strata, which naturally brings conflict, when romance pokes its nose into the picture, as poor girl meets rich boy, and the haughty parents of the boy object to the affair on the grounds that there is a marked difference in the social standing of the two clans. However Shirley unravels the affair in her own inimitable way, and you fall in love with her all over again. It's a must!

This picture "Saboteur," which is slated for its screening on Tuesday, is a show that should truly make your head reel. It's the "first picture" of its kind to show the American traitors at work, the first to reveal the Benedict Arnold of today. It's the story about a man behind your back.

"Saboteur" stars Priscilla Lane and Robert Cummings in the exciting story of a boy and girl who outwit and outfight a sinister ring of American traitors. Here is a show that I am sure you will go for in a big way.

Heading the double feature bill on Wednesday-Thursday is "Jute Bok Jenny," with Ken Murray, Harriet Hilliard and a great cast of featured players, with Wingy Manone and his Orchestra and the Mills Herby Trio. It's a comedy, with some thrilling moments and a score of tuneful song numbers that'll keep you patting your legs.

Training with this show is one with a screw ball title: "Dude's are pretty people." I don't know anything about this one, except what the press book says. It's a sort of a galloping ope, with oodles of comedy and some romance. It's the greatest selling point here to be sure, starring Jimmy Rogers, son of the late Will Rogers, whom we don't expect to find as clever as his gun chewing father.

The opener on the Friday bill should murder you. It's "Sleepy-town Gal," and Judy Canova heads the stellar cast, with her own brand of comedy and her freakish singing voice. Her able assistants are Tom Brown, Ruth Terry, Mildred Cook, Betty Gilbert and Fritz Feld. The story will wow you, and there's suspense in this one that'll rock you in your seat. It's a great report, so you decide!

It seems like this Lionel Atwell is about to become the BOO man of the picture, as poor girl meets threat stranger "The Strange Case of Dr. X." It is billed as the strangest case in the annals of crime. It's the story of a phantom killer, terrorizing, torturing, destroying the criminals the courts dare not touch. If you like the slimy, revengeful, murderous things, here is one that will be right up your alley.

Here it is Saturday and it's BANG BANG day again. Our Western varnishes will point of cow town to "Hiding the Cheyenne Trail." It's the work when it

comes, to action jammed, saddle pounding thrills.

On this bill are some mighty interesting short subjects, comedies, etc. That we Saturday fans go for in a big way.

Are you helping to stamp out the Japs with War Stamps and Bonds? See you at the movies—Mal.

Activities Galore In WPB On July 4

WEST PALM BEACH, June 25.—Military and home front activities, demonstration of gas masks, and a county-wide "low meeting" will feature the Fourth of July celebration here, according to preliminary plans developed this week.

Climaxing July Jubilee week, the day's program will be headed by the County Defense Council. The parade will include Civilian Defense, Red Cross and military units, a salvage float contest with a junior division in which war bonds and stamps will be given as prizes. Demonstrations of combating incendiary bombs, showing of motion pictures, and use of gas masks in a "gas chamber" to be erected on Clematis street will be staged prior to the afternoon parade.

County Defense Council officials estimated more than 2,500 civilian volunteers may take part in the various demonstrations for which they have been trained.

The county advisory committee is composed of Paul E. Twitty, chairman of the County Defense Council; Lt. Col. Frank A. McHenry, executive officer of Morrison Field; Perry Command; J. Field Wardlaw, chairman of the Palm Beach County Red Cross Chapter; Tom Smith, chairman of the Lake Worth Defense Council; C. Y. Byrd, chairman of the Delray Beach Defense Council; J. V. Fourmy, vice-chairman of the Pahokee Canal Point Defense Council; Luther Jones, chairman of the Belle Glade Defense Council; Fredrick L. Yates, executive chairman of the Town of Palm Beach Defense Council; C. E. Chevalier, chairman of the Riviera Beach Defense Committee; H. P. Jackson, chairman of the Jupiter Defense Committee; Edward G. Newell, chairman of the

Lake Park Defense Council; Paul Mercer, chairman of the Boynton Beach Defense Committee; J. C. Mitchell, chairman of the Boca Raton Defense Committee, and D. B. Carr, executive director of the County Defense Council.

SOUTH BAY COUPLE MARRIED

Mr. and Mrs. A. B. Barnes of South Bay announce the marriage of their daughter, Lucille, to Lealand Kane on Monday, June 22 at the Baptist Church in South Bay.

The bride has grown to young womanhood in South Bay and attended the public schools there. She was graduated from the Pahokee High School with the Class of 1942.

The groom is the son of Mrs. Anna Keene member of the Junior High faculty, and has made his home there for several years. He enlisted in the Army about a year ago and is stationed at Camp Beale, Okla., where the young couple will make their home for the present.

Couple Held In Slaying

Harvey Barber, 37, of Lake Harbor, was ordered held for the October grand jury in the two-year-old slaying of George Evans, 40, Everglades packing house worker, at a hearing before County Judge H. P. Robbins Wednesday, Thelma Underwood, 39, South Bay, who accuses Barber of the crime, also was ordered held as an accessory to the act. Both were held without bail.

Evans' body was found in his car partially submerged in the canal between Belle Glade and South Bay the morning of April 30 1940. A wound on his head indicated he had been struck with a blunt instrument. Barber and the Underwood woman were arrested when the woman told Constables Joan Kirk, Belle Glade, and a municipal detective asked by baffled police sleuths to lend a hand in trapping the killer.

Barber later testified that they did not leave the job with Evans' body in the car and pushed it into the canal. Barber placed his body in the car and drove a car similar to Evans' automobile. His statement that he left "Little Cuba" early in the evening and spent most of the night at

Lake Harbor and only returned to the scene at daylight was corroborated by Constable Kirk.

A statement made under oath at that time by the Underwood woman was later repudiated when she appeared before the grand jury. No true bill was found.

The pair was ordered rearrested two weeks ago by Sheriff L. H. Baker.

AT THE THEATRES

Paul Cavanaugh and Mona Barrie, prominent players in "The Strange Case of Doctor X." Showing Wednesday, July 12 at The Everglades Theatre and Friday, July 3 at the Prince.

PATRIC KNOWLES HAS KEY ROLE IN VIVID MELODRAMA

Six men are marked as murder victims when they are acquitted of murder charges in "The Strange Case of Doctor X." Still filled with mystery - drama with Patric Knowles, Lionel Atwell, Anne Gwynne and others.

The story traces the mysterious career of a shadowy avenger who is described "as" and a murder in a small piece of paper, on which is inscribed "Rex" and a numeral to indicate the murdered man's place in the strange series of garrotings.

Atwell has one of his most mysterious characterizations as a detective who figures closely in the "Rex" case. Returning to the screen after service with the Royal Canadian Air Force, Knowles has perhaps his most colorful role as a young detective asked by baffled police sleuths to lend a hand in trapping the killer.

Miss Gwynne has the romantic assignment opposite Knowles as a writer of mystery stories, who injects herself into the case. Others in supporting roles are Mona Barrie, Sherrif Howard, Paul Cavanaugh and Samuel S. Hinds.

The Inimitable Judy Canova in "Sleepytown Gal." Showing Wednesday, July 12 at the Everglades Theatre and Friday, July 3 at the Prince Theatre.

JUDY SLAYS 'EM IN NEW COMEDY HIT

A gay and refreshing stimulant for war-shattered nerves, is "Sleepytown Gal," starring Judy Canova.

"Miss Canova's comedy is irresistible; she can extract laughs from the source of funniest characters or the gloomiest of misadventures. And as for the average, normal, intelligent movie-goer she slays 'em!"

It is a part of the Canova formula—used successfully in such pictures as "Scatterbrain," "Sis Hopkins" and "Puddin'head"—to place Judy in a position in which she is pathetic as well as ludicrous. Thus, she has the same wistful appeal which made Charley Chaplin one of the most famous comedians of all time.

Judy, in "Sleepytown Gal," is a kitchen maid in a large Florida hotel. The ambitious bell boy (played engagingly by Tom Brown) has large ambitions due to his love for the new stand girl (Gladys Cohen). He cannot marry because of his low financial status, but by making Judy a spectacular

radio star, he will be in a position to achieve his heart's desire.

So Judy, the unpretentious, unambitious cook's assistant, is heartlessly glamorized and flung into the position of radio contest winner, with the glaring publicity spotlight focused directly on her winsome but ungainly self.

Officer: At target practice, "Ready, aim, fire at will!" Recruit: Pardon me sir, which one is Will?

Many a lonesome bachelor with his Santa would bring him a dear for Christmas.

Men are like steel—When they lose their temper they're useless.
